RULE OF THE MONTH

18-6/1 Ball Moved in Measuring to Determine If Re-Drop Required

Q:
A player drops his ball in accordance with the Rules. The ball rolls and the player is uncertain whether it has come to rest more than two club-lengths from where it first struck a part of the course. The player measures to determine whether he must re-drop under Rule 20-2c(vi) and in doing so accidentally causes the ball to move. What is the ruling if (a) the ball had rolled more than two club-lengths or (b) the ball had not rolled more than two club-lengths?

A:
The player incurs no penalty for causing his ball to move in either case (see Rule 18-6). If the ball had rolled more than two club-lengths, it must be re-dropped. If the ball had not rolled more than two club-lengths, it must be replaced.
