Repair of Divots, Ball-Marks and Damage by Shoes
 Players should carefully repair any divot holes made by them and any damage to the putting green made by the impact of a ball (whether or not made by the player himself). On completion of the hole by all players in the group, damage to the putting green caused by golf shoes should be repaired.

RULE OF THE MONTH

Q:
 A player elects to take relief from an immovable obstruction or abnormal ground condition and lifts his ball. He then realizes that the only area in which he may drop under the Rules is such that his ball, when dropped, will almost certainly be unplayable. He replaces his ball and plays it from its original position. What is the ruling?

Golf is a game invented by the same people who think music comes out of bagpipes

A golfer's diet: live on greens as much as possible.
